

2022

# ICNS International Conference on Neutron Scattering

21-25 AUGUST | BUENOS AIRES - ARGENTINA

## Abstract Submission is now Open!

<https://icns2022.org>

On behalf of the Continental Organizing Committee, we are pleased to announce that the International Conference on Neutron Scattering 2022 (ICNS 2022) will take place in Buenos Aires, Argentina, from

**August 21 to 25, 2022.**

The ICNS 2022 will be the largest international platform for sharing and exchanging the latest exciting advances in neutron scattering science, including a broad range of topics.

### IMPORTANT DATES

Abstract Submission Opens: November 24, 2021

Abstract Submission Deadline: January 18, 2022

### SCIENTIFIC PROGRAM

Topics at the conference will include:

- Soft Matter
- Biology and Biotechnology
- Condensed Matter Physics
- Magnetism and Superconductivity
- Solid State Chemistry
- Life Sciences
- Energy and Structural Materials
- Functional Materials
- Industrial Applications
- Cultural Heritage and Archaeometry
- Fundamental Science
- Neutron Physics
- Neutron Facilities, Instrumentation and Software

We understand that life is uncertain right now due to the COVID-19 pandemic, but we hope that everything could go back to some kind of normality next year, and we are planning accordingly. While we remain optimistic that an in-person ICNS 2022 will take place, a preparation for some degree of virtuality is also under consideration. Depending on the evolution of the worldwide situation, we may have to make critical decisions in the next few months, which may have implications on the format of ICNS 2022.
